- 8 days of standby/control time
- Comfortable fabric neck loop devices
- Control your hearing aids via COM-DEX app

TV-DEX

FOR ENJOYING TV

A palm-sized, user-friendly wireless assistive listening device designed for enjoying TV and audio. Allows up to 10 hours of uninterrupted stereo TV or hi-fi sound between charges.

FEATURES

- High-quality audio
- Ultra-low delay "EchoFree™"
- Inputs for both TV and hi-fi systems
- Room Off feature
- 10 hours of non-stop capacity
- Rechargeable using the TV-Base

WIDEX TV PLAY

FOR TV SOUND LIKE NEVER BEFORE

Outstanding sound performance in an elegant and discreet design. Easy to set up and compatible with **MOMENT** and **EVOKE** wireless hearing aids with 2.4 GHz connectivity. Provides direct, stable stereo streaming directly to the hearing aids. Just enjoy and stay connected.

FEATURES

- Maximum streaming stability letting users move freely around the room without missing a second of the outstanding stereo TV sound
- Intuitive to install and seamless to pair
- Control with the button on your hearing aid, your RC-DEX remote control or the **MOMENT/EVOKE** app
- Award-winning design

PHONE-DEX 2

FOR EASY LANDLINE USE

An all-purpose, cordless landline phone that streams crystal clear sound directly to both hearing aids. Connects automatically with **MOMENT** and **EVOKE** wireless hearing aids and provides excellent speech understanding in both ears. Can be used as a conventional phone.

FEATURES

- Integrated answering machine
- Range from base up to 50 metres
- Stores up to 150 contacts
- More than 13 days of standby time and 14 hours of call time

PHONE-DEX 2 EXTENSION

Comfort handset allowing to expand the PHONE-DEX 2 system.

FEATURES

- An extension to the PHONE-DEX 2 system
- Streams audio to **MOMENT** and **EVOKE** wireless hearing aids
- Requires PHONE-DEX 2 for use

REMOTE LINK

REMOTE FITTING AND FINE-TUNING

Widex Remote Link together with the WIDEX REMOTE CARE app make connecting easy and remote hearing aid adjustments seamless and simple. Patients can consult with their Hearing Care Professionals while they're in their own environment, even including a care taker or family member in the session. Whether connecting from home or work - remote care services are convenient for everyone.

FEATURES

- Works with the REMOTE CARE app to connect with patients remotely
- Can be used for remote fitting and follow-up appointments
- Connects to all wireless Widex hearing aids

FM+DEX

FOR FLEXIBLE STREAMING

A high-quality streaming device that is small and discreet, and designed specifically for Widex wireless hearing aids. Has three functions: FM, telecoil and audio line in, giving the users great flexibility. Easily operated with a toggle button.

FEATURES

- A flexible device for FM streaming
- Small and easy to handle
- Antenna range up to 30 m
- 10 hours of battery capacity

RC2-DEX

YOUR REMOTE CONTROL

A stylish, compact and user-friendly remote control that gives users better control of selected hearing aid functions. Allows the users to adjust volume and change between programs quickly and discreetly. Small enough to fit on a keyring. A lock switch prevents the remote control being activated accidentally.

FEATURES

- Program toggle
- Volume up/down
- Keyring attachment
- Approximately 12 months of battery life
- Lock switch
